Hi Colin,

Thanks for the information. To clarify, once the CEDRI is set up for fee submittals, if the submittal is submitted through this interface, the facility will not be required to follow-up with paper copies with the wet signature page?

Thanks,  
Haley

Haley,

At this time we are accepting electronic signatures for Part 71, and they may be emailed to the [R8AirPermitting@epa.gov](mailto:R8AirPermitting@epa.gov) address and you may cc me at [schwartz.colin@epa.gov](mailto:schwartz.colin@epa.gov).

We are still requesting that when the COVID-19 Pandemic is over, or with the utmost concern for staff health and safety, that you follow up with hard copy + wet signature copies mailed to our office. There is no timeframe for when mailing the hard copies should be completed.

I am working with our EPA HQ staff to allow submissions of Part 71 Fee submittals to be allowed through CEDRI from here on into the future (after the pandemic) and am hopeful that should streamline fee submittals for everyone. It appears this won't be ready before the April 1<sup>st</sup> deadline but likely soon thereafter. When it is ready in CEDRI that would be another option for submitting instead of mailing in hard copies.

Thanks and don't hesitate to reach back out if you have further questions.

Hi Colin,

Are electronic-only submittals for the Annual Emissions Fee Calculation submittal acceptable, or are we required to submit a follow-up paper copy of this submittal to the EPA?

Thank you,  
Haley

===== This message originated outside of SCS Engineers =====

To whom it may concern,

Title V Fee's have an updated address that may conflict with the address listed in your active Title V Part 71 Operating permit(s). The options for fee payments can be found on the [Fee Filing Form](#). The new address is:

U.S. Environmental Protection Agency  
OCFO/OC/ACAD/FCB  
Attn: Collections Team  
1300 Pennsylvania Ave NW  
Mail Code 2733R  
Washington, DC 20004

Current payments mailed to the previously listed addresses will be directed to the correct location. No action is needed from you at this time. Please use this address for future check payments. As an alternative, Part 71 fees can be also paid online at [www.pay.gov](http://www.pay.gov). Please see the Fee Filing Form link above for payment options and corrected mailing address.

The EPA, Region 8 will update your facility Title V Part 71 Operating Permit(s) during the renewal process or through a permit amendment as time allows.

Regards
